## 4.5 Lubrications

### 4.5.1 Areas Requiring Application of Grease

0003-1683

The machine has areas that require grease to permit smooth movement of parts or ensure good electrical conductivity. If you have replaced a part in these areas or if you have removed the grease, be sure to apply grease.

I am not sure how you plug phone and fax lines. Please help. Avtar Hi THE main difference in the phone fax line is that if you are only using as a fax plug the cable from phone I have check line other side no using. I cant send or receive any fax. Plug a regular phone into. Press funktion, data registration, scroll down until you get report settings, press ok and scroll down to It sends fax but does not receive. That is, it does not print.
